Angels We Have Heard on High (Traditional) This fun arrangement takes the familiar carol tune and morphs it from the traditional to a burnin' big-band jazz chart!

"Skating" from A Charlie Brown Christmas (Vince Guaraldi) This lilting jazz waltz featuring piccolo trumpets and Tim on jazz piano will have the audience "skating" down the aisles!

"Christmas Time is Here" from A Charlie Brown Christmas (Guaraldi) Another tune from the Peanuts TV show, this lovely ballad features smooth harmonies and a great melody.

Suite from The Nutcracker (Tchaikovsky) As the cornerstone of the quintet's holiday album, these brand-new arrangements put the familiar pieces from the ballet in a whole new light.

Greensleeves (Traditional) A beautiful, haunting arrangement featuring Tim on horn.

Wintersong (Sarah McLachlan) This intimate, lyrical piece is a trumpet feature with piano.

Three Jingles for Horn, Trombone & Tuba (Traditional) The trumpets take a rest for this low brass feature. This fun arrangement puts the tune "Jingle Bells" in three very different forms.

A Child is Born (Thad Jones) A lovely jazz ballad that features the dark colors of the flugelhorn.

Eine Kleine Christmasmusik (King's Singers) A hilarious mash-up of Mozart's 'greatest hits' with familiar holiday tunes.

"Walking in the Air" from The Snowman (Howard Blake) Our biggest crowd favorite - audiences always remember Walking in the Air for the lush harmonies and unforgettable melody.

You're a Mean One, Mr. Grinch (Albert Hague) This one needs no introduction - it's raucous, wild, and jazzy!

On some concerts, two or three traditional carol sing-a-longs are added.
